COATING AND DESIGN

## CERTIFICATE OF GOLD AUTHENTICITY

### Client Information:

Client Name: John Doe  
Project Address: 123 Abc Street, Houston, Tx 77003  
Project Details: Installation of Magnum Opus Floor

Project Number: Doe287489-A  
Date of Completion: June 1, 2024

### Certification Statement:

This certificate is presented to certify that the gold used in the flooring project at the above address is authentic 24k gold. Each application of gold has been verified for its purity and quality, ensuring that our clients receive the highest standard of luxury.

### Gold Details:

Purity: 24 Karat  
Thickness Range: 7.2  $\mu\text{m}$  to 10.7  $\mu\text{m}$   
Average Thickness: 8.48  $\mu\text{m}$   
Standard Deviation: 1.07  $\mu\text{m}$

### Application Process:

The gold has been meticulously applied using advanced techniques to ensure durability and aesthetic excellence. The application process ensures a consistent and high-quality finish.

### Verification and Quality Assurance:

This gold authenticity certificate guarantees that the gold used in your project meets the stringent quality and authenticity standards of Sforzando Coating & Design. Each piece has been inspected and authenticated by our in-house quality assurance team using precise measurements and rigorous testing procedures.

Third-Party Verification:

This certificate is further validated by **Specialty Metal Finishing INC.**, an independent verification service, to ensure the accuracy of the gold's purity and application. The verification details are as follows:

Verification Date: May 23, 2024  
Verifier's Signature: \_\_\_\_\_  
Verifier's Certification Number: X-23849FA8B

### Disclaimer:

Sforzando Coating & Design assures the authenticity of the gold used but does not disclose the sources or suppliers of the gold to maintain confidentiality and exclusivity.
